

WESTY HOMERS WITH THREE ON

High School Heavy Hitter Saved Day By Cleaning Sacks; Coyotes Defeat Evans Tossers, 14 to 11, in Exciting Contest

Evans School met their Waterloo yesterday afternoon at the hands of the Coyote ball team by a score of 14 to 11. Unable to play on their home grounds on account of the large quantity of water overflowing the banks of the so-called "town ditch," the Coyotes played Evans School on the Polk Street ball grounds. The game was great and kept the spectators excited during the nine innings. Evans School was the first side to score a run; they made one in the second; but the Coyotes came back at them by bringing in one also. In the fourth inning Evans got one run, and Phoenix hit the snowflake so hard that nine runs were brought in before the Evans boys could stop them.

In spite of the fact that the Coyotes were crippled by the loss of several ball players, they certainly put up a splendid game. Dick Hefflin got hit on the wrist in the seventh inning, and was replaced by Stokes. Hefflin pitched wonderful ball for the seven innings he was in the box. Westfall was put in for a pinch hitter with three men on in the fourth inning and saved the day by knocking a home run. That started the high school boys on the road to victory. The team played mighty fast ball considering the shape they were in and much credit must be given the boys for the hard effort put up to win the game.

Evans School plays a good clean game of ball and the Coyotes sincerely hope that they will have another test next year of the same brand of ball tossers.

The box score:

Coyotes	ABR.H.P.O.A.E.
Lyall, ss	5 2 3 1 1 4

How many new records will be brought back to Phoenix by the Coyote track and field athletes, when the University Week sports program is over? According to all the dope, there should be a few.

Last year at University Week, Coyote athletes did themselves proud, gathering in more than enough points to win, and adding several state records just to make things interesting. Kenneth Comstock broke the state record for the 440 yard dash, putting the official mark at 55 seconds flat. Russell Peabody lowered the 220

yard hurdle mark to 26 4-5 seconds. Fosburg, captain of the 1916 Coyotes, set the mile mark at 4:53. Peabody equalled the state record for the 120 high hurdles of 16 4-5 although two out of the three watches caught him in 16 2-5.

These records were set up on April 9 and 10 last year. All are standing marks for the Arizona high school athletes to shoot at.

The official program for University Week track and field sports is as follows:

Friday Afternoon.

3:00—100 yard dash, trial heats.

3:15—120 yard high hurdles, trial heats.

3:35—220 yard dash, trial heats.

3:50—220 yard low hurdles, trial heats.

4:15—440 yard dash, final.

4:40—100 yard dash, final.

1:40—Shot put.

2:15—120 high hurdles, final.

2:30—Running broad jump.

2:55—220 yard dash, final.

3:10—Discus throw.

3:35—Mile run.

3:50—220 yard low hurdles, final.

4:00—Pole vault.

4:25—Mile relay race.

4:35—Award of cups, prizes and medals.

Four may be entered by each school; three to compete in any event but 440 yard dash, which is limited to two and mile relay for four man teams.

Winner of first place in any event gets gold medal and scores five points for his school. Winner of second place gets silver medal and is credited with three points. Winner of third place gets bronze medal and one point.

RAY GUN CLUB TO BE HERE FOR SHOOT TODAY

Members of the Ray Gun Club will be in Phoenix today for a return shoot with the Phoenix trappers. The shoot will start at the fair grounds this morning, and will last until the middle of the afternoon. Lunch will be served at noon at the grounds. Eight events of twenty birds each compose the program.

U. C. BLANKS FROSH.

[Republican A. P. Leased Wire]

STANFORD UNIVERSITY, Cal., April 1.—In the first freshman game since 1910 the University of California baseball team defeated Stanford today 7 to 0. The game was won in the third inning when the U. C. scored four runs. The other tallies were made in the eighth inning. Today's game was the first of a series of three. Score: R. H. E.

California 7 8 0

Stanford 0 3 6

Batteries—Hill and Wasson; Draper, Peterson and Mitchell.

HA-REE VENGE!

[Republican A. P. Leased Wire]

SACRAMENTO, Cal., April 1.—The Portland team of the Pacific Coast league turned the tables on the Chicago Giants today, winning the third game of the series 3 to 4. Errors on the part of the Eastern team were responsible for a part of the Portland runs.

Score— R. H. E.

Chicago Giants 4 4 2

Portland 3 5 4

Wood, Foster and Petway; Noyes, Harstad and Haworth.

relay race and annexed five additional points.

Lady Langer, star performer of the collegians, won the 100, 220 and 440 yard events.

Wanamaker Builds America II

Curtiss Flyer Set New Passenger Record

[Republican A. P. Leased Wire]

NEW YORK, April 1.—In a new aircraft to be equipped with motors of 300 horse power each, capable of making a speed of 100 miles an hour carrying 5 persons, Rodman Wanamaker will renew the attempt to fly across the Atlantic ocean which he abandoned in the summer of 1914 when his flight tender, Lieut. John C. Porte, was called to England for service in the European war. This was announced tonight by Allan R. Hawley, president of the Aero Club of America.

No date has been set for the attempt, but it was expected to be made some time this summer. The design for the new craft, which will be named "America" after the old one, has been prepared by Glenn H. Curtiss and W. Starling Burgess. It is entirely different from any hitherto constructed. Mr. Wanamaker says in a letter to Mr. Hawley, explaining that the machine will be adapted for alighting on and arising from rough seas. The aeroplane, when completed, will be tested at the Atlantic coast aeromarine station at Newport News.

RIFLE CLUBS TO COME TO FRONT

Troubles of State Infantry Thought to Be Factor in Increasing Interest in Affiliated Rifle Organizations

Popular belief in the possibility that federal aid will be withdrawn from the National Guard of Arizona, and that the legislature will not look favorably on state money for the expenses of that organization, it is thought will result in a material increase in the membership of the various state rifle clubs.

The Phoenix Rifle club recruited six members yesterday, running out of "entry blanks." On the return of President Eido, it is confidently expected that there will be a large increase in membership.

The suggestion has been made that the rifle clubs, affiliated with the National Rifle association and devoid of some of the objectionable features of a guard in politics, would more than replace the older organization.

Two other rifle clubs are in process of formation here. Tucson is organizing a second club, and it is probable other cities will follow the ex-

[Republican A. P. Leased Wire]

NEWPORT NEWS, Va., April 1.—Glenn H. Curtiss announced that Steve McGordon of New York, instructor in the Curtiss aviation school here, established a new cross country passenger-carrying flight record today when he flew from Newport News to Washington and return, a distance of about 300 miles, in four and a half hours without stopping the engine.

The machine was in the air five hours and five minutes but 35 minutes of that time, according to McGordon, was spent in altitude flights. McGordon was accompanied by Lieutenant Vivian Hewett of the British Royal Naval Service, here inspecting machines for the British government.

Until today the cross country passenger-carrying record was held by Lieutenant Dodd, U. S. A., who on February 14 flew from San Diego, Cal., to Burbank, Cal., 244 miles, with a passenger. His time, according to Curtiss, was not as good as that made by McGordon today.

The machine in which the flight was made is a Curtiss military tractor or with a 150 horsepower engine. It is similar to the machines sold the British and Russian governments by the Curtiss company.

ample of the two largest cities in the state.

Walter Ingalls of the Phoenix Rifle club is sending requisitions to Washington tomorrow for extra equipment of rifles and ammunition for the new members. State and club shoots will begin before long, and will add much to the interest in these organizations. From all angles, the rifle clubs appear to be in line for great prosperity, unless antagonism on the part of the National Guard should interfere.

REUTER RE-CARBONIZER LOCAL INVENTION

C. H. Reuter, a local man has qualified as a real inventor, by putting on the market, a product of his brain, known as The Reuter D-Carbonizer. The principal object of the de-carbonizer, is to radiate all carbon from the cylinders of motor cars.

It makes its own steam in the exhausts manifold and delivers heated moisture to the breather of the carburetor, thereby making a more perfect combustion and keeping the carbon from sticking to the valves and cylinders of the engine. All other so-called gas saving devices tap into the manifold above the carburetor, changing the mixture after being properly made in

the carburetor, but the Reuter sends moisture into the original mixture.

The principal that makes an engine work better on a damp night or a cloudy day, is the same as that which the Reuter works on. It injects moisture into the motor all the time, and gives more power, for less gas.

It is simple and durable, all that is necessary is to give it water once in a while. The grinding of valves and cleaning of nozzles will be a thing of the past, if the Reuter is adopted universally.

Reuter is being assisted in marketing his invention by W. F. Schnebly, another local man.

GLENDALE WINS FROM MESA, 2-1

Red Hot Ball Contest On Gem City Diamond; Sugar Kings Turn Three Hits Into Two Runs and Victory

(Special to The Republican.)

MESA, April 1.—It was a hard-fought game that was played out on the Mesa grounds yesterday and the winning team had much of which to be proud while the losers had nothing to make them ashamed.

A red-hot game from start to finish, fought out cleanly and gamely, fought as two bunches of young sportsmen with a supreme love of fair play and a contemptuous hatred of dirty work can fight. Every man doing his best, a few making errors but all realizing that mistakes are the common lot of all though very costly at times, as was shown yesterday when two errors lost for Mesa to Glendale by a score of two to one. The fans enjoyed it as American fans always enjoy a straight, clean contest.

The feature of the game was a phenomenal catch by C. Diehl and

the batting of Maxin. Attaway pitched his usual heady game, holding the Sugar Kings down to three hits, errors losing him the game.

This game virtually gives the championship of the valley to Glendale. Judging from the good, airtight ball they played, they are justly entitled to the honor won. It looks as though Glendale and Mesa will fight it out at Tucson for the State High School championship.

Score— R. H. O. A. E.

--Thank Your Lucky Stars

If you feel that way about it when you get good service from your tires, but there is a deeper and more understandable reason.

The Tire that you and every other motorist undoubtedly want most is not the result of hit or miss efforts.

Some great factory has gone the limit in giving you the best that human ingenuity can produce, and stakes its reputation on the result.

That's how DIAMOND TIRES are built and the great factory behind them is the largest rubber factory in the world.

The horseshoe was alright to nail over your barn door, but for your garage four Diamond Squeezee Tires on the wheels of your car constitute the best omen of good luck that we know of.
